A hand-drawn graph on grid paper. The vertical axis (y-axis) has a tick mark labeled '2' at the second grid line from the bottom. The horizontal axis (x-axis) has tick marks at every grid line. Two curves are plotted. The upper curve starts at the origin (0,0) and increases with a decreasing slope, passing through approximately (4, 4). The lower curve starts at a negative value on the y-axis (approximately -1.5) and increases with a decreasing slope, approaching the x-axis. A point on the lower curve is circled and labeled with a handwritten '2'.
